Title: PLANT GENES INVOLVED IN DEFENSE AGAINST PATHOGENS

PETITION UNDER 37 C.F.R. § 1.78(a)(3)

Box DAC
Commissioner for Patents
Washington, D.C. 20231

Pursuant to 37 C.F.R. § 1.78(a)(3), Applicant requests entry of the Preliminary Amendment filed herewith which amends the "Cross-Reference to Related Applications" section of an application corresponding to Express Mail Label No. EL671641675US.

The present application (corresponding to Express Mail No. EL671641675US) was accorded Serial No. 09/887,272 and a filing date of June 22, 2001 (Exhibit A, a copy of the date stamped postcard for Express Mail No. EL671641675US). However, another application (Express Mail No. EL721275472US), filed on June 22, 2001, was accorded that same serial number (Exhibit B, a copy of the date stamped postcard for Express Mail No. EL721275472US).

On September 20, 2001, Applicant's Representatives requested that the U.S. Patent and Trademark Office (USPTO) correct this error by issuing a new serial number for the application corresponding to Express Mail No. EL671641675US (see Exhibit C). A representative of the USPTO, Janice Tippett, Assistant to the Director of OIPE, provided Applicant's Representatives with a handwritten note which indicated that the serial number for the application corresponding to Express Mail No. EL721275472US was to be accorded Serial No. 09/887,271 (Exhibit D). However, as of October 30, 2001, Applicant's Representatives have not received an official communication from the USPTO evidencing that Express Mail No. EL721275472US was issued a serial number that was different than the serial number issued to the application corresponding to Express Mail No. EL671641675US. While such a communication would provide clarity in identifying and distinguishing the two applications referred to above, on October 24, 2001, Applicant's Representatives began preparing this Petition pursuant to 37 C.F.R. § 1.78(a)(3) relying on the information in the handwritten note (Exhibit D).

BEST AVAILABLE COPY

Thus, in the Preliminary Amendment filed herewith, Applicant's Representatives request that the "Cross-Reference to Related Applications" section of the application having Express Mail No. EL671641675US be amended to reflect that that application is related to an application corresponding to Express Mail No. EL721275472US.

Applicant's Representatives respectfully submit that the delay in claiming the benefit of the filing date of the application corresponding to Express Mail No. EL671641675US between the date provided under 37 C.F.R. § 1.78(a)(2) and the date on which this Petition was filed, was unintentional.

Accordingly, Applicant requests that the amendment to the specification in the Preliminary Amendment enclosed herewith be entered.

Please charge any fees deemed due to Deposit Account No. 19-0743.

Respectfully submitted,

YU-MING HOU ET AL.,
